(ACTUAL SIZE)

M-440
Light Teal on Dark Teal

Before your tiles are installed, please read the tip about color variations on page 7.

Our *Sonora* is another delightful, ageless design to enhance any southwest decor. It exhibits the same

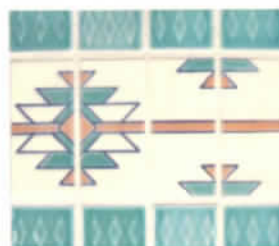

blend of exquisite multi-colors from the Native American palette as the *Mojave* shown above.

SONORA

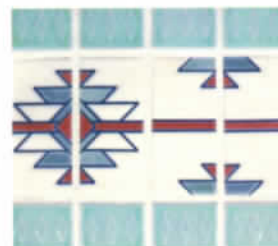

1 Sheet = 1.15 sq. ft.

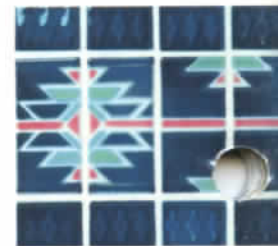

SA-61
Cream/Caribbean Blue

SA-52
Cream/Powder Blue/Peach

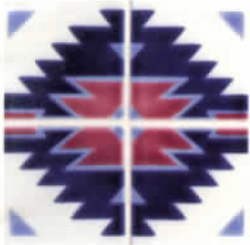

SA-51
Cream/Powder Blue/Raspberry

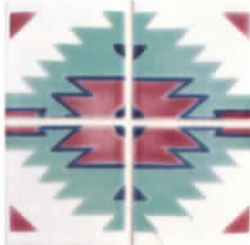

SA-21
Marine/Raspberry

1 Sheet = 1.06 sq. ft.

MOJAVE

M-430
Raspberry on Cobalt Blue

M-420
Raspberry on Light Teal

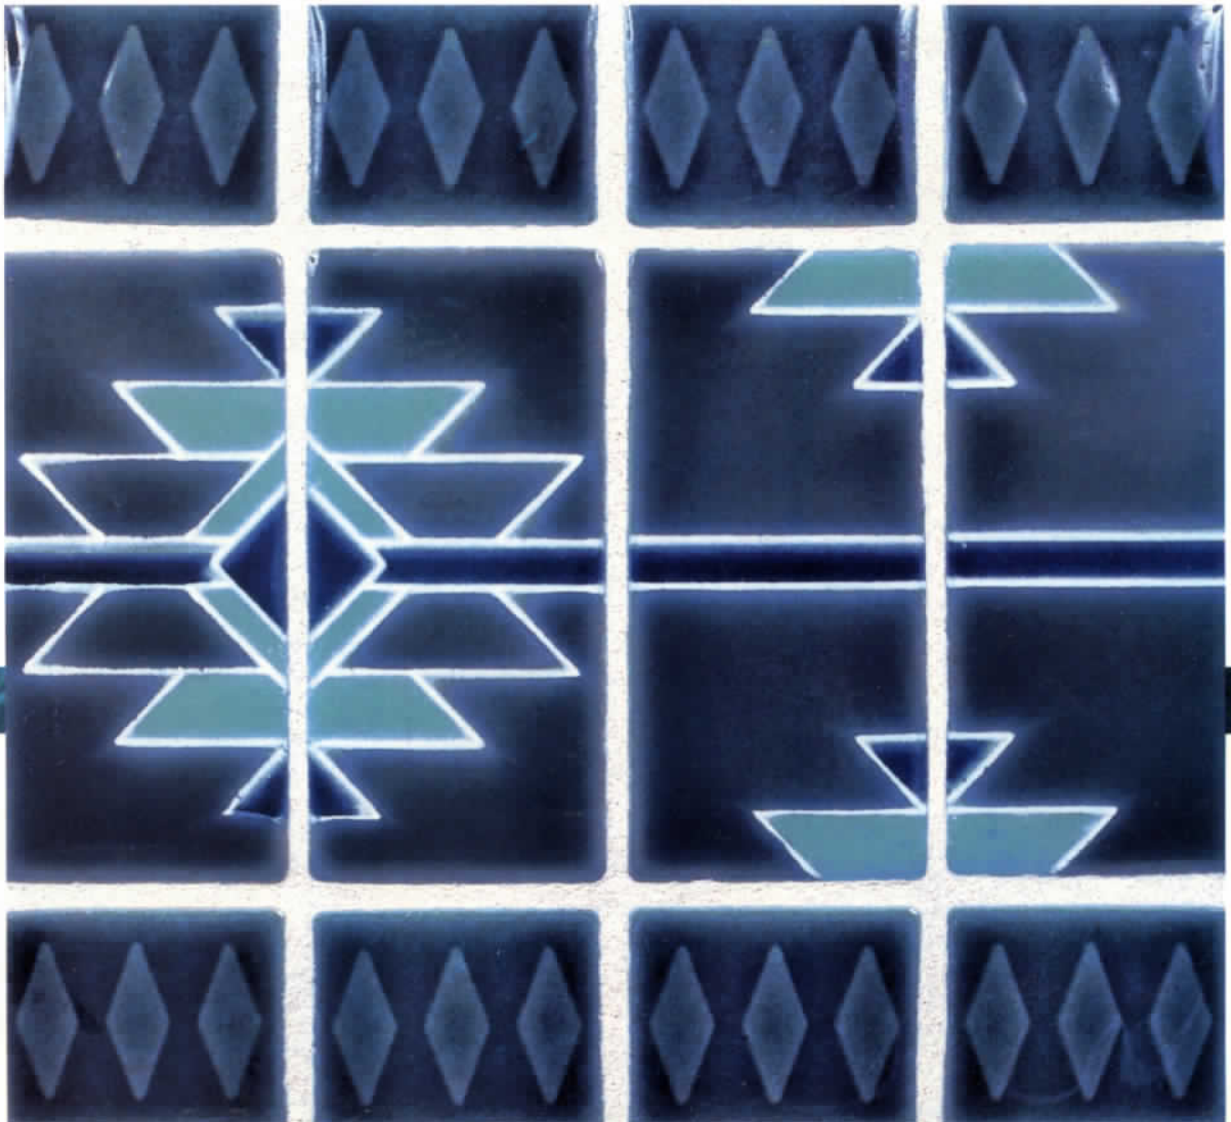

You'll find two exciting tiles on these pages that are sure to capture the heart of those searching for designs "mirroring" the ever popular southwest decor – the *Mojave* and the *Sonora*

The *Mojave*, with an interesting blend of multi-colors from the palette of Native Americans, is as ageless as it is tasteful

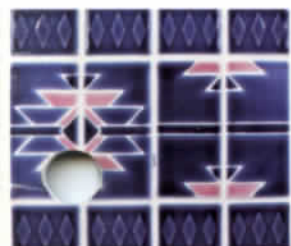

Before your tiles are installed, please read the tip about color variations on this page.

Our *Palm Tree* is another selection with a soft, embossed, alternating pattern. While you will find Palm Tree similar in content to the Angel Fish and Sea Shell (both on pages 6 & 7), this tile also has a slightly different color palette. If you are having trouble matching a specific color, you'll probably find it in this group of companion tiles.

Before your tiles are installed, please read the tip about color variations on page 7.

CALIFORNIA DOLPHIN

1 Sheet = 1.06 sq. ft.

PALM TREE

TIP Pool/spa tiles are manufactured to conform to established pool construction standards.

Even though a tile manufacturer will use many pieces to create a basic tile design, all pool/spa tiles are manufactured to a modular dimension based on a construction step height of 6 inches.

Before your tiles are installed, please read the tip about color variations on page 7.

-5-

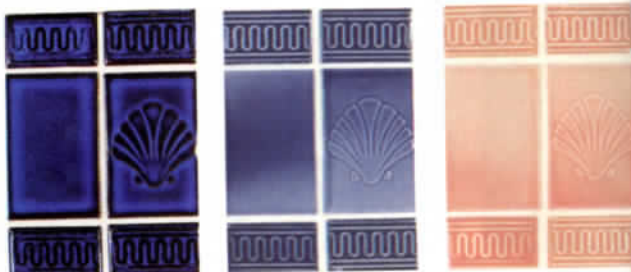

Introducing our new **California Dolphin**. A design created with classic "California Summer" colors in mind, this new line will add a splash to any poolside decor.

ANGEL FISH

1 Sheet = 1.2 sq. ft.

An aquatic flavor is expressed in the soft, embossed pattern of the *Angel Fish* tile. Although similar in design content to Sea Shell and Palm Tree (above & page 4), a different palette of colors gives a totally distinctive expression to your pool and spa.

1 Sheet = 1.15 sq. ft.

SEA SHELLS

If you are fond of warm seas and sandy beaches, you'll love the *Sea Shell* tile with its soft, embossed pattern on alternating tiles. The colors range from the soft pastels of far away islands to the crisp blues of tropical waters.

SHL-90
Mauve

TIP The shade of tiles may vary with in any given color.

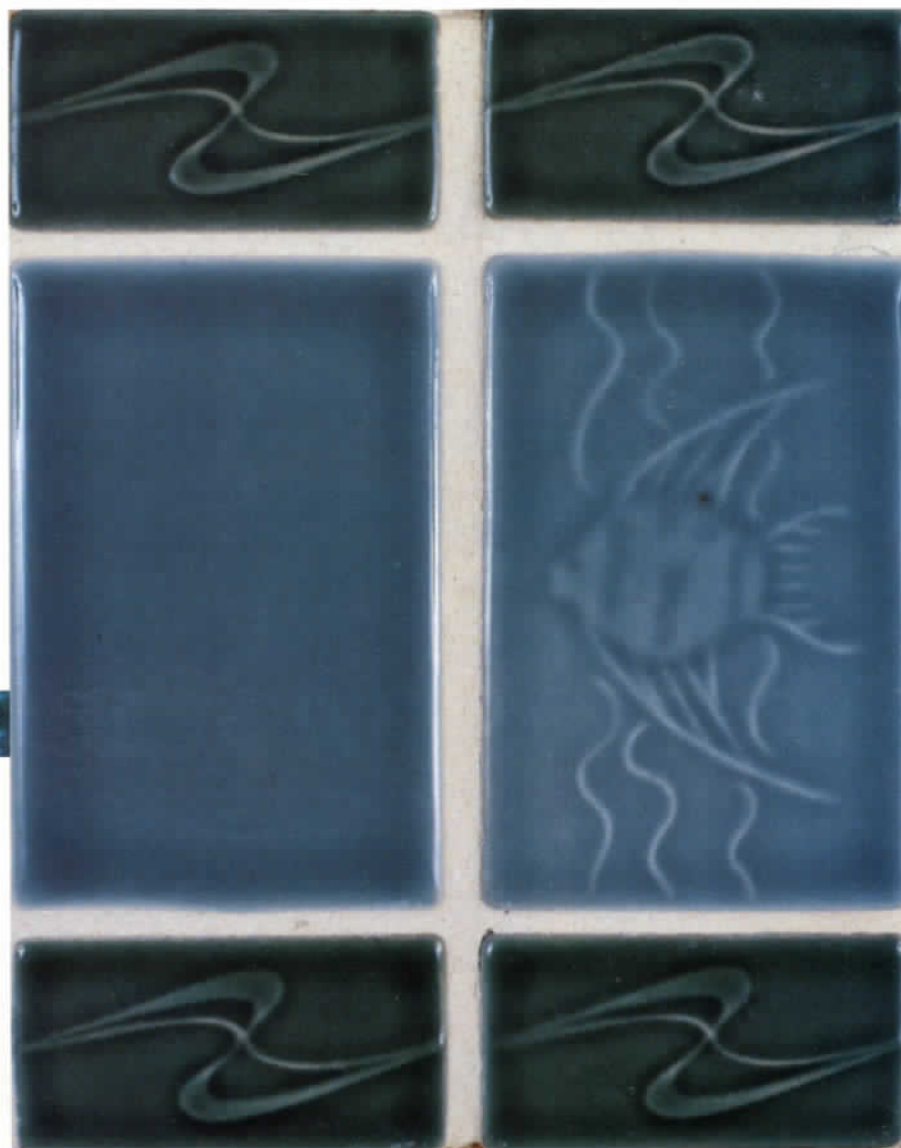

Be sure to visually check the actual shade of the tile before installation.

The tiles pictured in this brochure are as accurate a reproduction of actual tile colors as is possible.

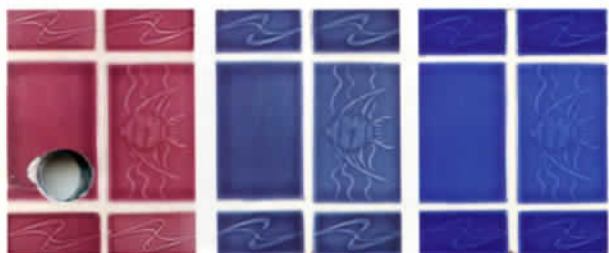

But all tiles are subject to variations in color within every lot. Why?

Tiles are 'fired' in relatively small numbers. The slightest change in firing temperature – which is normal in the manufacturing process – will produce an equivalent variation in color that adds to the sparkling beauty of the tile.

Before your tiles are installed, please read the tip about color variations on this page.

With its embossed-like flower and delicate inter-twining vine pattern, *Discovery Accent* has the same sophisticated

MIX & MATCH

The *Discovery Accent* tile colors you see above are color coordinated with the *Discovery Field* and *Discovery* tiles (both on pages 12 & 13), and the 2"X2" *CMX* tiles (bottom of pages 24 & 25) for one reason – they have been designed for what is known in the pool and spa trade as “MIX AND MATCH”.

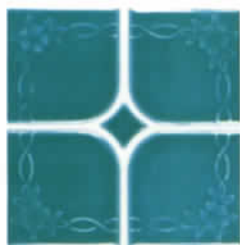

“Mixing and matching” allows for creating any number of striking variations in your tile design, all the while maintaining a harmonious color scheme. There’s no limit to your imagination and personal expression with this select series of fully coordinated “mix & match” tiles.

When installing tile on surfaces meeting at right angles (such as spillways, decorative structures, counter tops, etc.), you want corners with a rounded, finished look. The sketches illustrate two types of tiles made for just this purpose.

Here's a design that is getting a lot of attention, the *Discovery*. This beautiful tile features a richly shaded star-burst pattern in four expressive colors. The fresh, glossy appearance of this tile gives your pool or spa a modern and sophisticated look.

ELITE

EL-5255
Light Blue

Tailored and tasteful best describes the new *Elite* tile. It's an uncomplicated yet superb design, ranging in color from the subtle Spice to the high-contrasting White – a spectrum of colorings to give your pool or spa that special one-of-a-kind personality.

TIP A pool or spa is an expensive investment. Protect that investment by selecting quality high gloss porcelain pool/spa tiles.

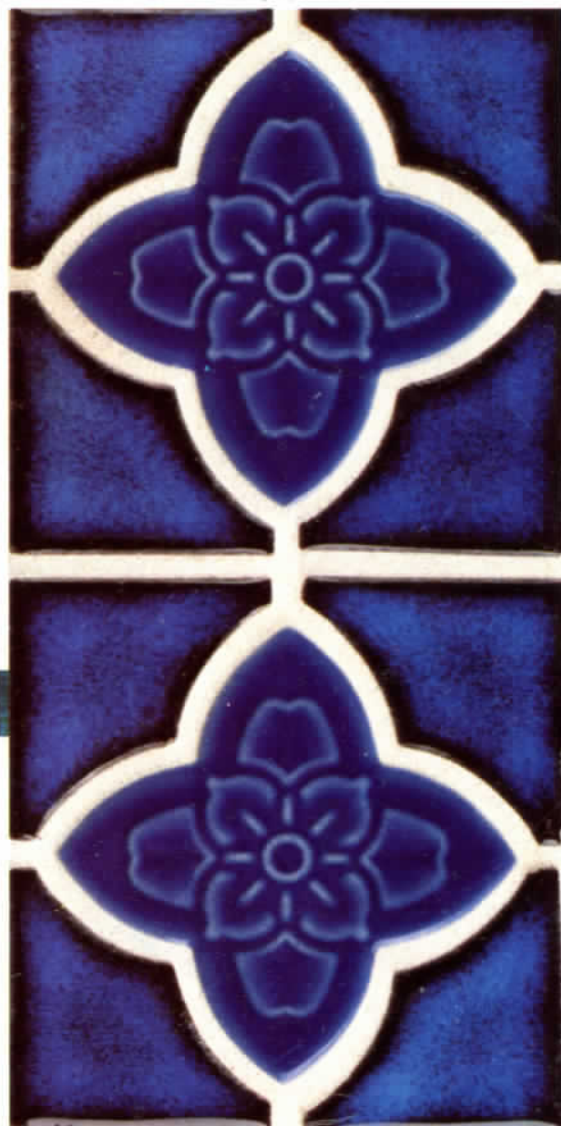

All Cozad & O'Hara high gloss porcelain tiles are manufactured to meet the highest standards of quality, durability and aesthetic appearance. Every tile series or pattern we carry conforms to an identical top-of-the-line standard of manufacturing excellence.

With normal maintenance and proper care, our tiles are acid-resistant, fade-resistant and weather-resistant.

Before your tiles are installed, please read the tip about color variations on page 7.

A delicate flower mosaic tile, the *Surfside* adds a graceful quality to any pool. Available in designer pastels, earth tones and deep blues.

TIP Kitchen, bathroom and floor tiles are a world apart from specially manufactured tiles for pools/spas.

Not all tiles are intended for use in pools or spas.

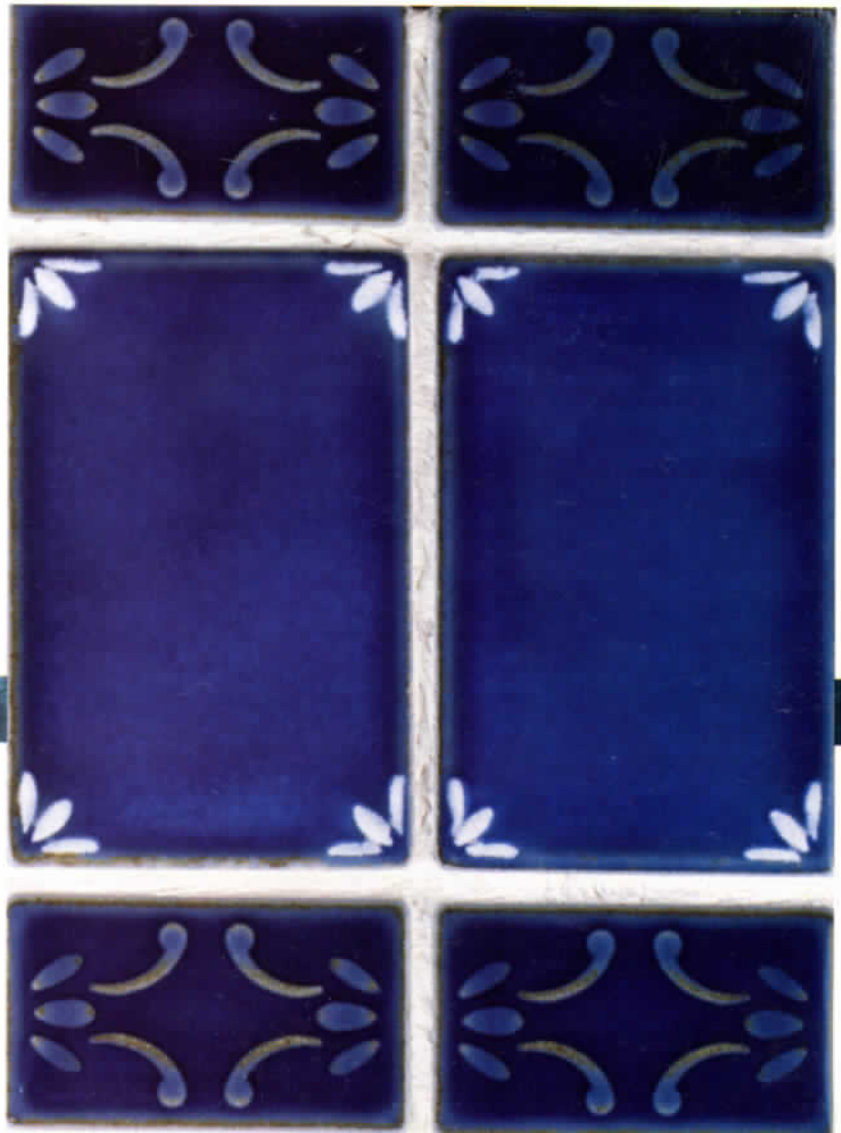

Tiles are designed and manufactured differently depending on how and where they are used.

Pool/spa tiles not only must tolerate changing outdoor temperatures, but must withstand acid-based pool chemicals 24 hours a day.

Before your tiles are installed, please read the tip about color variations on page 7.

The *Cerra Villa*, a variation of Villa Park, features a more neutral design for a softer look. Choose from eight solid colors ranging from lovely pastels to rich blues.

The *Akron Field* comes in a large variety of both traditional and designer colors. This handsome tile creates a 'field' of color for a sophisticated, subtle look.

TIP Most people don't know it, but all pools and spas can be retiled. It's not uncommon to have it done.

Why retiling? To color coordinate tile as part of an overall house redesign effort. Or perhaps a house you purchased has a pool/spa tile that is not to your taste.

Retiling is usually a routine procedure. So when a new tile series or pattern is introduced that you like even more, you can make a change.

Before your tiles are installed, please read the tip about color variations on page 7.

ACCESSORIES

Long lasting, polished stainless steel assist rails come in two configurations: 1) the **Grab Rail** (upper picture) for assistance when using inset steps on a sidewall, and 2) the **Hand Rail** (lower picture) when using regular steps.

Side-wall **Inset Steps** (not shown) are grooved to minimize slippage. These pre-formed steps are available in white and aqua blue.

You have more choices of earth-tone colors in brick products than ever before. Shown is a sampling of the range in colors, shapes and sizes we stock. All brick products, **Bullnose, Safety Grip, Split and Common Bricks** are made of quality clay and fired at high temperatures for durability and lasting beauty.

You can choose from a variety of standard **Specialty Tiles** which serve as sign and depth markers. The sign and depth

marker tiles can be ordered with a sanded surface to minimize slippage on decks. Personalized 'signature' tiles are also available by special order.
