Master Tile supplies the finest in swimming pool tile, coping, plastering, and decking products. Since our origin in 1998, Master Tile has been a leader in the introduction of new and innovative products for the swimming pool industry. We import waterline tile from premium manufacturers throughout the world. Our coping lines include kiln-fired clay brick as well as imported natural stones.

We have locations in Houston, Dallas, Oklahoma City, New Jersey, Tampa, Anaheim, and Las Vegas. Through our numerous locations and well-stocked inventory, Master Tile is capable of shipping material directly to customers, anywhere in the U.S., on a daily basis. Our state-of-the-art showrooms and website offer our customers an opportunity to manipulate and view their tile and coping selections in a way that will allow them to visualize them on a pool. Master Tile also supplies samples to further assist in the selection process.

Should be set with any high-grade, flexible mortar system (Latex modified thinset). There will be variations in color, shade, texture and size. Final selection should be made from actual glass and not from glass samples or color reproductions. Consumer should inspect glass before installation.

Shade variations are an inherent characteristic of all glass tiles. Please inspect actual shade of glass before installation. Use constitutes acceptance.
Flagstone

Due to the nature of this product, size, color and thickness will vary. Final selection should be made from actual pallet and not from samples or color reproduction. Sold by the pallet only.

Expect shade variation

Shade variations are an inherent characteristic of all natural stone. Please inspect actual shade of tile before installation. Use constitutes acceptance.

TILE: MAS MIX 1
COPING: Torreon Honed Eased Edge

Eased Edge

All natural stones must be sealed. (See page 34). Sealing is an absolute must to guard against salt attack on pools, as well as water penetration that can affect the durability of the stone.

Freeze-Thaw Warning: Torreon, Noche and Sienna Gold
- Eased Edge Tumbled not recommended for climates where severe freeze-thaw cycles are experienced.

Shade variations are an inherent characteristic of all kiln-fired ceramic tiles. Please inspect actual shade of tile before installation. Use constitutes acceptance.
Natural Stone coping and deck tiles are available in seven beautiful colors. They are available in various sizes of coping and paving tiles. They are ideal for interior as well as exterior uses. As with any natural stone, slight imperfections in color, size and shape are to be expected. We strongly recommend inspection before installation. Use constitutes acceptance.

**SIENNA GOLD HONED**

Expect shade variation

**SIENNA GOLD TUMBLED**

**SHELLSTONE**

12x12 Double Bullnose Coping

Freeze-Thaw Warning: Shellstone not recommended for climates where severe freeze-thaw cycles are experienced.

**Natural Stone Pavers**

A chiseled edge gives these natural stone pavers a beautiful rustic appearance. They can be installed over concrete decking or used in a sand set method. Sand setting reduces installation cost and minimizes the effects of deck movement. Natural Stone Pavers size: 6" x 12" x 1½". Expect variations in shading. We strongly recommend inspection before installation. Use constitutes acceptance.

As with any natural stone, expect slight imperfections in size, shape and color. Inspection is recommended before installation. Use constitutes acceptance.

WWW.MASTERTILEPOOL.COM

As with any natural stone, expect slight imperfections in size, shape and color. Inspection is recommended before installation.
Use constitutes acceptance.
Natural Slate has a texture and range of color unlike any other natural stone. Slate combines beautifully with other natural materials and is an excellent choice for exterior applications. It is available in a variety of colors and sizes for decking applications. As with any natural stone, expect slight imperfections in size and shape. Wide ranges in color enhance slate’s natural beauty, as no two pieces are alike. We strongly recommend inspection before installation. Use constitutes acceptance. Some flaking of slate should be expected after installation. Condition will lessen over time.

GOLDEN PLAINS

CHESTNUT BROWN

HIMALAYAN GREEN

As with any natural stone, expect slight imperfections in size, shape and color. Inspection is recommended before installation. Use constitutes acceptance.
All slate products must be sealed (see below). Sealing will prevent water penetration that can affect the durability of the stone. Water penetration can also damage the material in freezing conditions. Sealing is an absolute MUST to guard against salt attack on pools.

**META CRÉMÉ™** is the next generation impregnating sealer which surpasses all others in performance, durability and protection. It is a one time, low VOC sealer which is the ultimate in environmentally responsible protection for stone, tiles, bricks, paving, concrete and grout.

**X-DUTY CLEANER™** is a multipurpose, non-water based and non-acidic cleaner for engineering concrete, terracotta, tile, cast stone, paving, limestone, brick, marble, granite, terrazzo and grout.

**PORCELAIN SEALER™** is an impregnating, invisible and breathable sealer that protects low absorbent tile, natural stone and grout from damage caused by water, salts and oil-based stains. Able to greatly reduce water uptake and minimize moss growth, freeze thaw spalling and efflorescence.

**ENHANCE-PLUS** is a penetrating and breathable sealer used to enrich and enhance the color of natural stone, pavers and natural stone tile. Follow application instructions.

**DRYTREAT 40SK** is an impregnating sealer used to consolidate and strengthen surfaces and repel water. Protects stone surfaces from water penetration and salt damage. Follow application instructions.

**STAIN-PROOF** is an invisible and breathable sealer suitable for all natural stone, pavers and natural stone tile. Guards against surface staining, retains existing color and finish, and guards against salt attack. Ideal for indoor and outdoor use on natural stone decks and pool coping.

As with any natural stone, expect slight imperfections in size, shape and color. Inspection is recommended before installation. Use constitutes acceptance.
Nu-Deck is a polymer modified Portland cement based decorative coating, designed to enhance the appearance of any concrete surface. The product can be sprayed on and knocked down to provide a textured finish. It can also be trowel applied over stencils or carved to give the deck a stone, tile, or brick look.

Krystal Krete is an exposed aggregate pool finish from CL Industries. This advanced formulation of polymer enriched Portland cement and natural quartz improve depth perception and resist harsh pool chemicals, all while providing a comfortable, slip resistant finish.

Diamond Brite® is an exposed aggregate pool finish blended from natural quartz aggregate, polymer modified cement, and non-fading color quartz in a stunning variety of colors. This unique interior pool finish is durable, easy to maintain and comfortable to swimmers' feet.

Depth Markers
Master Tile stocks a complete line of depth marker tiles in both a glazed finish for the water line as well as a non-skid finish for pool decks.

Glass Block
Available in 12" to 60" lengths with standard or extended lip

Polaris Power Fall
Shade variations are an inherent characteristic of all kiln-fired ceramic tiles. Please inspect actual shade of tile before installation. Use constitutes acceptance.
Pool Coping Brick

This series is the Cadillac of all coping brick. Smooth, rounded edges give that distinct look of perfection.

Available in 8" and 12" Coping and a ½" Paver

FLORIDA BRICK & CLAY

* Freeze-THaw Warning: Cadet Gray, Birch & Bone are not recommended for climates where severe freeze-thaw cycles are experienced.

FLORIDA BRICK & CLAY RETRO

This ¾" thick coping brick is an excellent option for pool remodeling or for installation on new fiberglass pools.

* Freeze-THaw Warning: Birch & Bone are not recommended for climates where severe freeze-thaw cycles are experienced.

MARION CERAMICS

This line features a rolled cushion edge that provides a clean, precision look with no sharp edges.

Available in 9" and 12" Coping and a 2¼" and ½" Paver

MUTUAL MATERIALS

Available in 9" and 12" Coping, 2¼" Paver and 1" Paver.

1" Paver not available in Ebony

SAFETY GRIP COPING

Shade variations are an inherent characteristic of all kiln-fired clay brick. This variation enhances its natural beauty. Please inspect actual shade of brick before installation. Use constitutes acceptance.
Please ask your Master Tile sales representative for catalogs showcasing our complete line of frost proof ceramic and glass mosaics including our extensive custom capabilities.

*Available but not pictured
Custom Mosaics
Available in Ceramic or Glass.
If you can dream it, we can create it!

Shade and size variations are inherent characteristics in all handcrafted products. These variations are a trademark of handcrafted quality and add to the unique beauty of your individual mosaic. Our mosaic tile has passed ASYM C1026 Standard Test Method for resistance to freeze thaw cycling and is impervious to normal pool chemicals. We guarantee our mosaics for life.
